

Do you want to become a member of a young team in an internationally active company?

KOMAB Holding GmbH invests in young as well as established companies. As a result, we have built up a diverse portfolio over the years and support our investments in the areas of finance, accounting, controlling, law, human resources, management assistance, business development, IT network administration, software development and data integration.

Do you enjoy working independently and taking ownership? Are you looking for a job with lots of possibilities to integrate your own personality? We are currently looking for a new

## Senior Software-Developer

### Our current and future tasks/projects

- developing software solutions for internal e-commerce purposes only, focusing on quality and not quantity
- our future projects will concentrate on:
  - product management
  - seamless order process
  - product dynamic pricing
  - packaging process
- due to our big data manipulation (10+ million different products) our future lies in the field of machine learning
- creating a dashboard for full data representation
- creating a scalable architecture

### What we expect

- 2+ years of experience working with PHP
- knowledge in one or more of the following technologies:
  - JQuery, ExtJs, Vue, SASS, Brunch, Git
  - PHP 7+, Python, C# (object oriented programming)
  - Symfony, Laravel, Sylius
  - MariaDB, postgresSQL
- passion for our tasks and technologies
- technical education in computer science or similar
- awareness of the importance of unit testing
- responsibility and self-motivation
- fluent knowledge of English and/or German
- teamwork and communication

What we offer

- a good working atmosphere with dedicated, motivated and experienced colleagues
- flat hierarchies and communication at eye-level
- weekly meetings for tasks and code reviews
- possibility for home-office
- fixed employment contract with flexible working hours
- many benefits such as parking lots, two company cars that are also available for private use, employee discounts, regular team building events, etc.
- we are legally obligated to disclose the minimum salary as regulated by the applicable collective bargaining agreement (Kollektivvertrag für Handelsangestellte), which is currently 23.450,- Euro per year (gross), calculated on the basis of a 38,5-hour work week.
- the actual salary planned for this position is about 56.000,- Euro per year (gross) but may be higher dependent on your qualification and experience.
