

Do you want to become a member of a young team in an internationally active company? Do you enjoy working independently, aware of your own responsibility? Are you looking for a job with lots of possibilities to integrate your own personality?

The KOMAB Holding takes a stake in companies with innovative ideas and approaches that match our group culture. In this way we build a versatile portfolio over the years to support our holdings in the fields of Finance, Accounting, Controlling, Judiciary, Human Resources, Assistance of the Management, Business Development, IT network administration, Software Development and Data integration.

We are looking for a

## Senior Software Developer (m/f/d)

as an additional team member for our Software Development department

### Our current and future tasks/projects are:

- developing software solutions for internal e-commerce purposes only, focusing on quality and not quantity
- our future projects will concentrate on... o product management o seamless order process o product dynamic pricing o packaging process
- due to our big data manipulation (10+ million different products) our future will lie in the field of machine learning
- creating a dashboard for full data representation

### Technologies we are currently using:

- JQuery, ExtJs, Vue, SASS, Brunch, Git
- PHP 7+, Python, C# (object orientated programming)
- Symfony, Laravel, Pimcore, Sylius
- MariaDB, postgresSQL
- feel free to bring your own ideas for future tools

### What we expect:

- knowledge in at least some of the technologies listed above
- passion for our tasks and technologies
- technical education in computer science or something similar
- awareness of the importance of unit testing
- responsibility and self-motivation
- fluent knowledge of English and/or German
- teamwork and communication

What we can offer:

- fixed and unlimited contract
- a market-competitive salary based on your actual skill level and engagement
- a good working atmosphere with nice colleagues, no dress code, almost no formalities
- quiet office for working without distractions
- weekly meetings for tasks and code reviews
- possibility to do partial home-office after some time
- good access to the highway, especially for our colleagues from south Styria or Slovenia (people from all countries are highly welcome)
- multiple kitchens for lunch (fridge, coffee machine,...)
- you will get at least two screens, a laptop and a smartphone
- various benefits like a company parking lot, employee discounts, regular employee events, contribution to health expenses, fresh fruits, contribution of the company to a healthy lunch of AMBRO
- we are legally obligated to disclose the minimum salary as regulated by the applicable collective bargaining agreement (Kollektivvertrag für Handelsangestellte), which is currently 31.458,- Euro per year (gross), calculated on the basis of a 38,5 hour work week. The actual salary planned for this position is about 56.000,- Euro per year (gross) but may be higher dependent on your qualification and experience.

We are looking forward to your expressive application to:

KOMAB Holding GmbH
